**INTERVIEWER: FIND THE PERSON PRESENT AT THE FACILITY WHO IS IN CHARGE. READ THAT PERSON THE MESSAGE SHOWN BELOW:**

Hello, my name is ..... I represent the Fistula Care project, which is implemented by EngenderHealth, an international reproductive health NGO. We are conducting an assessment so as to improve the availability and quality of services for fistula prevention and treatment in your area. This interview is a part of this assessment, and I would like to ask you some questions about this facility. There is no risk if you agree to participate in this study. Rather, it could benefit you, by helping us to improve services at this facility. All of the information that you give to me will be kept confidential; your name will not be used, and you will not be identified in any way. Your current and future position at this facility will not be affected in any way. If you agree to participate, this interview should take approximately one and one-half hours to complete. Your participation is absolutely voluntary, and there is no penalty for refusing to take part. You are free to ask any questions; you may refuse to participate in this assessment; you may refuse to answer any question in the interview; and you may stop the interview at any point.

Do you have any questions? Do I have your agreement to participate? (If the respondent agrees, then you may begin the interview.)

**NOTE: You may need to interview more than one person, since there are questions about fistula treatment, maternity, and FP services.**

Hello, my name is ..... I represent the Fistula Care project, which is implemented by EngenderHealth, an international reproductive health NGO. We are conducting an assessment so as to improve the availability and quality of services for fistula prevention and treatment in your area. This interview is a part of this assessment, and I would like to ask you some questions about this department. There is no risk if you agree to participate in this study. Rather, it could benefit you, by helping us to improve services at this facility. All of the information that you give to me will be kept confidential; your name will not be used, and you will not be identified in any way. Your current and future position at this facility will not be affected in any way. If you agree to participate, this interview should take approximately one hour to complete. Your participation is absolutely voluntary, and there is no penalty for refusing to take part. You are free to ask any questions; you may refuse to participate in this assessment; you may refuse to answer any question in the interview; and you may stop the interview at any point. Do you have any questions? Do I have your agreement to participate? (If the respondent agrees, then you may begin the interview.)
