

Fistula Care *Plus* at FIGO 2018

I. Engenderhealth Panel

Title: Cesarean section safety in low-resource settings: Ensuring quality in a context of rapidly increasing volume

Date/Time/Location: October 19, 10:30 – 12:00 pm, Room 202A

Chairperson: Dr. Vandana Tripathi, Fistula Care *Plus* (FC+) Project at EngenderHealth

Presentations and panelists:

1. Cesarean section provision in low-resource settings: Who, where, why – global trends from DHS and SPA data
 - Dr. Francesca Cavallaro, London School of Hygiene and Tropical Medicine
2. Preventing obstetric and iatrogenic fistula: The role of a safe surgery ecosystem
 - Dr. Lauri Romanzi, FC+ Project at EngenderHealth)
3. The right procedure for the right person: Clinical decision making for operative delivery/The surgical, obstetric, and anesthesia (SAO) workforce: Global challenges and solutions from Ethiopia and Tanzania
 - Dr. John Varallo, Jhpiego

II. Free Communication Session (FCS) Presentations

Abstract ID	Title	Session Time	FCS Location	Presentation Time	Presenter
	<i>Monday, October 15</i>				
FCS 5.623	Causes of juxta-cervical fistula and difficulties during repair: 49 cases	8:30–10:00 am	Stage 5	8:40-8:50 am	Bilkis Begum
FCS 5.625	Delivery experience of 159 obstetric fistula cases, treated in a tertiary center in Bangladesh	8:30–10:00 am	Stage 5	8:50-9:00 am	SK Nazmul Huda
FCS 5.629	Feasibility of task shifting in primary screening of obstetric fistula clients by midwives – Lessons learnt from a fistula treatment site, Uganda	8:30–10:00 am	Stage 5	9:10-9:20 am	Paul Kaduyu
FCS 12.849	Advancing fistula data management through using electronic database to inform decision making in Uganda. Experience from Fistula Care <i>Plus</i> supported treatment sites	2:30–4:00 pm	Stage 6	3:50-4:00 pm	Hassan Kanakulya
FCS 15.415	A Safe Surgery Toolkit for elective genital fistula and prolapse repair surgery in Bangladesh	4:00–5:30 pm	Stage 3	4:30-4:40 pm	Lauri Romanzi

FCS 18.857	Challenges faced by women after repair of genital tract fistula: An observational study in Kongolo and Kabalo, Democratic Republic of Congo	4:00– 5:30 pm	Stage 6	4:40-4:50 pm	Christine Amisi
<i>Tuesday, October 16</i>					
FCS 23.631	Frequency and management of non-obstetric fistula in the Democratic Republic of Congo: Experience from Fistula Care <i>Plus</i> project	8:30--10:00 am	Stage 5	8:40–8:50 am	Michel Mpunga
FCS 23.634	Identification of risk factors of failed closure of genitourinary fistulae and residual incontinence	8:30–10:00 am	Stage 5	9:10-9:20am	Tahsin Islam
FCS 24.751	Assessment of the standardization of training and surgical care using the FIGO Competency-Based Fistula Surgery Training Manual in a specialized hospital	8:30–10:00 am	Stage 6	9:20–9:30 am	Namala Angella Clare
FCS 33.233	Improving capacity for cesarean section provision in Uganda: Results from the ACOG structured operative obstetrics training pilot	2:30–4:00 pm	Stage 3	2:40–2:50 pm	Vandana Tripathi
FCS 41.783	Health systems strengthening for improved maternal health services uptake - A case of rural Uganda	4:00–5:30 pm	Stage 5	4.30–4:40 pm	Molly Tumusiime
FCS 42.882	Improved service delivery through clinical data use among health workers in selected fistula centers in Nigeria	4:00–5:30 pm	Stage 6	4:50-5:00 pm	Babafemi Dare
<i>Wednesday, October 17</i>					
FCS 46.546	Improving contraceptive method mix through rights based multidimensional approaches in Fistula Care <i>Plus</i> supported sites in Uganda**	8:30–10:00 am	Stage 4	9:50–10:00 am	Lucy Asaba
<i>Thursday, October 18</i>					
FCS 90.862	Community-based organizations: A strategy to mobilize fistula clients for care in Nigeria	4:00 – 5:30 pm	Stage 6	4:40 – 4:50 pm	Iyeme Efem
FCS 85.354	Women’s third trauma: Caesarean-section when women present with fistula and stillbirth?	4:00 – 5:30 pm	Stage 1	4:50 – 5:00 pm	Kenny Raha

**Winner, FIGO Ipas Best Paper Award (see below)

III. FIGO Ipas Best Papers from Low-Resource Countries Awards

Session Date/Time/Location: October 19, 8:30 – 10:00 am, Room 211

Presenter: Lucy Asaba | Presentation Time: 9:06 – 9:15 am

Presentation Title: Improving contraceptive method mix through rights-based multidimensional approaches in Uganda
